

SPECIFICATION

Range: **OREDODICI**

Design: **Caimi Lab**

Codes: 1472-NBR, 1472-BN, 1472-NB, 1472-GA, 1472-ECO

Code: **1472-NBR**

Dimension: \varnothing 40 cm, depth 5 cm

Description: wall clock made from black painted high-tech polymer. The flat frameless face has embossed 20 mm hour and minute indicators to make reading easier with number 12 indicated in numbers. The upper section at the back of the clock is fitted with a high-tech polymer connection to connect it to the wall. Hours and minute hands are in white metal. The pointers are in white high-tech polymer, while the number 12 and the pointer indicating six o'clock are made from red high-tech polymer.

Code: **1472-BN**
